Subject: Need Broadband in webster county
Date: Friday, May 29, 2015 7:07:21 PM

We live at [REDACTED] Seymour mo and we would like access to Broadband, as would many people on chestnut road. There is access along the highway but not 2 miles off of it where we live. It would be extremely nice to be able to run internet from home to help with the farm and school work. Please let us know how we can try and get it in our area. Thank you Jarid Bowers and family.
