Title: Margin Requirements for Uncleared Swaps for Swap Dealers and Major Swap Participants; Comparability Determinations With Margin Requirements (OMB Control No. 3038-0111). This is a request for an extension and revision of a currently approved information collection.

Abstract: Section 731 of the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act"),¹ amended the Commodity Exchange Act

("CEA"), 7 U.S.C. 1 *et seq.*, to add, as section 4s(e) thereof, provisions concerning the setting of initial and variation margin requirements for swap dealers ("SDs") and major swap participants ("MSPs").² Each SD and MSP for which there is a Prudential Regulator, as defined in section 1a(39) of the CEA,³ must meet margin requirements established by the applicable Prudential Regulator, and each SD and MSP for which there is no Prudential Regulator ("Covered Swap Entities" or "CSEs") must comply with the Commission's regulations governing margin on all swaps that are not centrally cleared.

With regard to the cross-border application of the Commission's margin rules, section 2(i)⁴ of the CEA provides the Commission with express authority over activities outside the United States relating to swaps when certain conditions are met. Section 2(i) of the CEA provides that the provisions of the CEA relating to swaps that were enacted by the Wall Street Transparency and Accountability Act of 2010 (including any rule prescribed or regulation promulgated under that Act), shall not apply to activities outside the United States unless those activities (1) have a direct and significant connection with activities in, or effect on, commerce of the United States or (2) contravene such rules or regulations as the Commission may prescribe or promulgate as are necessary or appropriate to prevent the evasion of any provision of the CEA that was enacted by the Wall Street Transparency and Accountability Act of 2010.

On May 31, 2016, the Commission published a final rule addressing the cross-border application of its margin requirements for uncleared swaps applicable to CSEs.⁵ As described below, the adopting release for the Final Rule contained a collection of information regarding requests for comparability determinations, which was previously included in the proposing release, and for which the Office of Management and Budget ("OMB") assigned OMB control number 3038-0111, titled "Margin Requirements for Uncleared Swaps for Swap Dealers and Major Swap Participants; Comparability Determinations With Margin Requirements." In addition, the adopting release included two additional information collections
